

## Coronavirus Update: June 19th Congressman David Trone (MD-06)

### Stats @ June 19, 12:00 pm

Governor Larry Hogan's office announced that the percentage of COVID-19 tests in Maryland that come back positive continues to drop, and hospitalizations are at their lowest level in more than two months. Most of the state has already entered phase 2 of reopening. Most of the charts below are from the state's [coronavirus](#) website.

### MARYLAND DATA

[Total cases reported](#): MoCo 13,862, Fred 2,342, Wash 595, Alleg 187, Garrett 10. MD: 63,229, MD deaths: 3,016. As of 12:00 PM, the U.S. had recorded 2,235,934 confirmed cases and 120,250 deaths due to Coronavirus ([JHU](#)).

### Federal Updates

- On Thursday, the U.S. reported more than 27,700 coronavirus cases, as the average number of daily new cases steadily increases compared to recent months of decline, according to a CNBC analysis of data compiled by Johns Hopkins University. ([CNBC](#))
- On Thursday, Arizona, Florida, California, South Carolina and Texas all reported record-high single-day increases in coronavirus cases. This is happening as states continue to ramp up testing and the virus reaches new communities. ([The Hill](#))
- On Thursday, California, North Carolina, and a number of U.S. cities mandated mask use. These states have seen a large increase of confirmed cases in recent days, and hope this order will allow them to control the virus. ([Reuters](#))

### Maryland Updates

- On Wednesday, Governor Larry Hogan's office announced that the percentage of COVID-19 tests in Maryland that come back positive has dropped again, and hospitalizations are at their lowest level in more than two months. ([WTOP](#))

### District Updates

- Montgomery County
  - a. The Maryland Department of Health reported 13,862 cases of COVID-19 in Montgomery County in comparison to the 13,348 cases reported on Tuesday. 667 county residents have died from COVID-19. This is an increase of 27 deaths since Tuesday. The Montgomery County COVID-19 positivity rate is still the second highest in the state, behind Prince George's county.
  - b. Phase 2 of reopening is set to begin June 19th at 5 pm. Phase 2 will include allowing limited indoor dining, shopping inside retail stores, indoor services at houses of worship and working out in fitness centers--all with certain restrictions. The county's COVID-19 [website](#) has more details. In regards to when phase 3 will begin, the county will continue to closely mirror State actions.
  - c. The county is tracking three categories of information including hospital capacity, COVID-19 surveillance, and COVID-19 testing capabilities. The county's COVID-19 Dashboard is updated daily with the current numbers for each of the metrics.
  - d. Number of new confirmed positive cases each day: 68 (three-day average); 12 declining days out of the last 14. Number of COVID-19 new deaths each day: four (three-day average); 13 declining days of the last 14. COVID-19 related hospitalizations: 185 (three-day average); 14 declining days.
- Frederick County
  - a. As of today there are 2,342 confirmed cases of COVID-19 in comparison to the previously reported 2,225 confirmed cases in Frederick County. The number of COVID-19 related deaths in Frederick County are 108, according to state reports. The death toll increased by 1 in the county over the last week.
  - b. County Executive Jan Gardner announced that businesses such as indoor gyms and fitness centers can open Friday, June 19 at 5 p.m. under Hogan's order. With the county moving into phase 2 of reopening, Gardner reminds residents to continue following the state's health and safety guidelines such as wearing masks and social distancing at least 6 feet apart.
  - c. COVID-19 related hospitalizations in Frederick County continue to decrease weekly.

- Washington County
  - a. The number of confirmed COVID-19 cases in Washington County is now 595, up 27 cases since Tuesday. The number of deaths related to COVID-19 is currently 25.
  - b. Following Gov. Larry Hogan's continued lifting of COVID-19 restrictions, businesses and indoor recreation will begin to reopen on Friday, June 19 at 5 p.m. These businesses will reopen under certain restrictions, and residents will still be required to wear a face covering.
  - c. FAQs and more detailed updates can be found on the county [website](#).
- Allegany County
  - a. There are no new confirmed cases of COVID-19, which still makes 187 total reported cases in the county, and the death toll remains 17 total.
  - b. Local health departments in the county are encouraged to increase COVID-19 testing for residents. Residents should also be reminded to continue wearing masks even when making short trips.
- Garrett County
  - a. Garrett County has a total of 10 confirmed cases of COVID-19, and no reported deaths -- the lowest county totals in the state.
  - b. Garrett County Health Officer Bob Stephens stated the department is “working to schedule local COVID-19 testing clinics for persons who are non-symptomatic but wish to be tested. The details of these clinics will be announced soon.”
